

U.S. Customs and
Border Protection

Interdiction at International Mail Facilities

Advanced Developments Encompassing Processes and Technologies

Interdiction at International Mail Facilities

CBP's Mission Statement

Protect the American people, safeguard our borders, and enhance the nation's economic prosperity.

Vision Statement

Enhancing the nation's security through innovation, intelligence, collaboration and trust.

Challenges:

- Exponential growth in E-commerce as more consumers are increasingly completing purchases online
- Lack of updated and expanded facilities and technology

WHAT WE NEED:

- Technology to incorporate into CBP's processes to screen shipments at increased rates of speed
- A handheld device that can "sniff" air particles for the presence of narcotics at the speed of commerce
- Non-Intrusive Inspection technology to screen shipments spanning a wide range of dimensions

Interdiction at International Mail Facilities

Thank you
