

Hallway Conversations in Breakout Sessions

As we've all missed in-person ADSA hallway conversations, we will open breakout rooms throughout the meeting and encourage all attendees to use these breakout rooms to network with colleagues.

How to join the breakout rooms?

- Under participants list, click on “Show all breakout sessions”, you can find breakroom rooms labeled “Hallway [#]”.
 - Simply just click the “join” button in order to join that particular room.
 - You also have the ability to see who is in each breakout room.

- To leave a breakout session and rejoin the main meeting with presentations, please find the red button at the bottom of your screen and “leave session” to come back to the main meeting.
